

## INFORMATION

**The Big Scale Social Limitation "PSBB" Guidelines of the restrictions to accelerating in handling the Corona Virus Disease 2019**

PSBB (Pembatasan Sosial Berskala Besar) in an area is determined by the Minister of Health of the Republic Indonesia based on the request of the heads regional governments e.g Governors, Regents, Mayors and the Chairpersons of the Task Force for the Acceleration of Handling COVID-19.

**The Procedures to Declare PSBB**

1. The heads of regional government submits a proposal to the Minister with the required data (an increase in the number of cases according to time, distribution of cases according to time, and local transmission events).
2. A direct request from the Chairperson of the Implementing Task Force for the Acceleration of Handling COVID-19 to determine PSBB in certain areas, based on an evaluation of the criteria that must be met.
3. Requests by the head regional government can be submitted individually or collectively.
4. The head of Regent and Mayor has to consult and referral to their Governor for the declare letter to PSBB.
5. If the cross-provincial Regional Government agrees to collectively implement PSBB, the submission of the application shall be made through the Chairperson of the Task Force for the Acceleration of Handling COVID-19.

**Criteria that Must be met for PSBB:**

1. A significant increase in the number of cases and or deaths and rapid spread of cases in other regions in a certain period of time, and evidence of local transmission.
2. A significant increase in the number of cases and or deaths discovered from observation of the epidemiological curve of cases and or deaths.
3. The rate of disease spreading by daily and weekly basis observation.

**PSBB Stipulation Includes:**

1. School and work from home
2. Restrictions on religious activities
3. Limitation of activities in public places and facilities
4. Limitation of social and cultural activities
5. Limitation of transportation modes
