The Roadmap of Economy-Health Covid-19 Exit by Coordinating Minister for Economic Affairs

We would like to share the presentation of the Roadmap of Economy-Health Covid-19 Exit by the Coordinating Minister for Economic Affairs. The roadmap presents the new protocol as later business entering the Economy Restart phase then followed until normal condition.

It is needed to make new strategy options such as preventive and anticipation of risk that is stricter and adaptive to the situation, especially for high risk categorized sectors. The essential and central sectors for health, dairy products and have a high multiplier for the economy and job vacancies became the first priority.

In the timeline for Indonesia's Economy Recovery there are five phases divided throughout June-July 2020 with several variables and its descriptions; started from June 2020 the business and industry may continue to operate slowly with social distancing and strict health protocol, also no mass gathering activities with maximum 2 people within the room then followed to the next phase.

Kindly find attached the presentation and the timeline of Indonesia's Economy Recovery for your reference.
